## WAR MAY AFFECT PRICE OF HOPS

### Probabilities Are That Market Will Soar

### EUROPEAN CROPS WILL SUFFER

By Geo. Hewlett

There is considerable speculation as to whether or not the price of hops will advance by reason of the present European war. Available data show that it is more than probable that the price of hops will advance materially by reason of this crisis. The French German War commenced in the first part of 1870 and terminated during the first part of 1871. The proportionate consumption of beer per head used in England, probably due to the excitement of the war, increased the year 1870. In 1869 the consumption was 1.71. In 1870—1.84; in 1872—1.72 The price of hops of the United States in the early part of 1870 averaged 8.6c per pound, while in 1871 the price increased to 11.9c per pound. During that war imports into Hamburg Germany for the year 1879 were 45,266 cwt. while in 1871 after the war the imports were 88,526 cwt. In 1870 Belgium imported hops to the value of only 698,000 francs while in 1871 the imports were nearly six times as much being 3,848,000 francs. The war apparently lessened the available hops in Belgium for in 1870 only about 1,000,000 francs worth of hops were exported while next year 6,714,000 francs worth of hops were exported. The imports to England increased materially after the war in 1871. The imports in 1870 being 127,853 cwt. in 1871 the imports nearly doubled being 218,664 cwt. while in 1872 the imports fell to 135,965 cwt. During this period of excitment, as above stated, more beer was consumed and this is shown also by the export trade of beer from England. In 1869, 495,000 barrels of beer were exported from England, while in 1870, 521,199 barrels were exported and in 1871 but 483,120 barrels.

Labor at present is very scarce in England, and considerable complaint is made by farmers that they are unable to get sufficient hands to harvest their present crops. In 1870, 15,945 hops pickers left London by rail while in 1871 after the war, but 8,221 hop pickers left to undertake this work. The present European war is centered in Belgium partly and Belgium including exports ranks next to the United States in contributing imports into the United Kingdom. France imports generally from Belgium and Germany. It therefore seems probable that France will be required to look to America for her hops and that by reason of the adverse sentiment that the French now hold for the Germans that they will not look to Germany to buy hops from her. England judging from the above data will look to the United States for hops as she probably will not be able to look to Belgium for her imports.

Germany uses many thousand Russian pickers annually for the purpose of picking her hop crop. These pickers are allowed to come to Germany under bond for the purpose of this work and are required to depart after the hops have been harvested. It is quite safe to say, in any event, that the entire continental crops of hops will not be picked this year and this will happen even though the hop growing sections are not invaded by foreign troops for the reason that labor will be scarce.

The most recent advices from Germany, Austria Hungary and Belgium state that the crop prospects irrespective of the war are not as favorable as heretofore given and estimates of the continental production therefore should rightfully be reduced. It is argued, however, that it will be difficult to export hops from the United States to England and elsewhere, but the odds are very much against Austria and Germany on the sea and by the time American hops are in the bale and ready for export shipping may be quite normal and it may happen that much of the business will be carried in American ships. Hops would not probably be considered a contraband of war. As a general rule neutral goods are not subject to capture under any flag unless they are contraband of war or are being transported in violation of a blockade.

Beet sugar has materially advanced in price as it is feared that the sugar beet crop cannot be harvested on the continent.

Cable advices under date of August 11th state that the English market has advanced 15 shillings and that the tendency is for higher prices.

Pacific Coast hops are very scarce in London at present though there are soime consignments reported to be en route.

From Kent, East Packham, it is reported that picking will be early due to the lack of moisture and that the crop has been probably over estimated. From Faversham it is reported that the rain has come too late to do much good; that many of the older yards have much too much vine and it is feared that the foliage will smother the fruit and that a small crop of rather poor hops will likely be harvested. From Petham it is reported that an average crop of splendid quality is likely to be harvested. From Wye it is reported that the vines are rather leafy but that it is probable that there will be more hops raised than last year in this section. From Hereford—Barkstree it is reported that in that district, as in many others, the prospects are not as good as they were three weeks ago—the burr has made little progress during the last week and the crop will not be anything like it was anticipated a few weeks ago. From Canterbury it is reported that more than an average crop will be harvested. In Worcester it is reported that picking will be earlier than last year in spite of the fact that the cool nights are not tending to force the developement of the burr.

From Lewis County, Washington, it is reported that the crop will not be as heavy as usual. Extreme dry weather has already caused loss to the hop crops of Washington and Oregon. Reports from Dallas indicate that the damage to their yards will be between 30 and 40 per cent. The Portland "Oregonian", predicts that prices as high as 50c per pound will be paid by the time commerce is resumed.

From Polk County, Oregon, reductions in previous estimates are reported. Conrad Krebs states that Oregon will not produce more than 110,000 bales and that the dry weather has stopped the arms from extending and vines are turning yellow. The crop there will be a "top" crop. The production of the United States is estimated by the Sacramento "Union" from 260,000 to 275,000 bales against last years estimate of 300,000 bales. California, 100,000 bales. Oregon 100,000 bales; Washington 35,000 bales. New York 25,000 bales. The Portland "Oregonian" has recently received a cable from Barth of Nurenburg stating that in his opinion no hops would be picked on the continent. It is reported also that it may be difficult to finance hop-picking in England. The Sacramento "Bee" places the production in the U. S. as 290,000 bales and the consumption at 255,000 bales leaving but 35,000 bales for export. Washington is placed at 30,000 bales by this paper and New York at 20,000 bales.

15c is freely offered in Santa Rosa for 1913 hops without takers. 15c has also been offered for 1913 Men-

## E. H. PERCY FOUND DEAD IN GARAGE

### Remains Cremated in S. F.

On Tuesday morning E. H. Percy, proprietor of the K. & P. Garage on South State street, died very suddenly of heart trouble at his place of business, there being no one present at the time of his passing away.

E. J. Sanford, who had called about 7 o'clock for a supply of gasoline for his auto, was the first one to discover Mr. Percy, who was sitting in his office chair, apparently asleep. Dr. S. L. Rea was immediately summoned, but he was past all medical aid.

Mr. Percy had left home early in the morning apparently in his usual health, and the news of his death was a severe shock to his family and friends. He had been a suffered from heart trouble for some time, and was under the care of Dr. Rea. He was a member of Abell Lodge, F. & A. M.

Deceased was a native of Michigan and 64 years of age. For several years he worked at his trade as millwright on the coast, but came to Ukiah and conducted a billiard parlor in the Dowling building, until about three years ago when he sold out and opened up the K. & P. garage on South State street, with Mr. Orville Kellen as a partner. About two years ago he purchased his partner's interest and has conducted the business alone since then.

Coroner John Taylor took charge of the remains and an inquest was held at J. W. Eversole's undertaking parlors, the jury bringing in a verdict of death from heart failure. The jurymen were: F. M. Wilson, C. B. Huestes, A. W. Ford, B. Bucknell, F. M. Weger, F. White.

Deceased is survived by a widow and three children—Mrs. E. H. Percy, of Ukiah, Ed Percy, of Fort Bragg, Earl Percy and Mrs. C. L. Brown, of Oakland, all of whom reached Ukiah the day after Mr. Percy's death.

The remains were taken to San Francisco Thursday morning for cremation, accompanied by the relatives and a number of friends and a delegation of the Masonic lodge.

A. P. Bevans, a prominent resident of Potter valley, was in Ukiah Wednesday. He was accompanied by Mrs. Bevans.

### LOST MAN TURNS UP UNHARMED

Considerable excitement was created at Vichy Springs Wednesday afternoon, when an old gentleman, one of the guests, failed to put in an appearance, after leaving the springs for a short walk, a few minutes before the lunch hour. He returned just before dark and stated that he had lain down and fallen asleep. It was feared that he had become overheated and considerable alarm was felt during the afternoon for his safety and sheriff Byrnes and assistants were called over to help in the search for the missing man, shortly before he turned up.

T. L. Hiatt, Mrs. Elizabeth Hiatt, F. M. Ledford and Mr. and Mrs. R. C. Melville, of Yorkville, were in Ukiah this week on business at the courthouse connected with the Hiatt estate.

## SAYS KASCH IS "FOUR-FLUSHER"

### Arraigns Would-Be District Attorney In Strong Terms

### "X" ALLEGES MISSTATEMENTS

Editor Dispatch: In the announcement of Charles Kasch, for District Attorney which appeared in the Dispatch-Democrat of June 12, 1914, the statement is made that "He received his preliminary education in the grammar and public school of Humboldt county, and then graduated from the University of California and the Harvard Law School." Likewise the statement is made that he has had 103 contested cases since beind admitted to the bar. These same statements have been repeated by Mr. Kasch in his public utterances, while speaking over the county in the interest of his candidacy.

Between these claims as made by Mr. Kasch and the facts as they appear in the public records, there seems to be a discrepancy. According to the records of the University of California, Chas. Kasch received a degree in the college of social sciences of that institution as a Bachelor of Science, and was never a graduate of the law school of that university. As regards his claim to having graduated from the Harvard law school, J. Peabody Gardner, secretary of Harvard University, is authority for the statement that Charles Kasch "received no diploma from Harvard University."

Furthermore, it appears from the records of the District Court of appeals that Charles Kasch was admitted to the bar on examination Jan. 9, 1913, and in the certificate required by law and presented by Mr. Kasch at the time of his application, he makes no claim to being a graduate of the Harvard Law School or of any other law school.

In evidence of his experience in the parctice of the law, Mr. Kasch states in his announcement, that during the sixteen months following his admission to the bar, he tried 103 contested cases, one dozen of which he claims since coming to Ukiah, leaving 91 contested cases for one year's practice in San Francisco. Below is a copy of the affidavit of search or sworn statement of Don C. Barrett, a reputable San Francisco lawyer, of Mr. Kasch's court record in San Francisco for the year 1913, during which time Mr. Kasch claims his extraordinary record.

State of California, City and County of San Francisco.—ss.

DON CARLOS BARRETT, being first duly sworn, deposes and says:

That he is a male citizen of the State of California and over the age of twenty-one and is an attorney-at-law duly admitted to practice in all the courts of said state and resides at San Francisco, California;

That he has made a careful search of all the Registers of Action in civil, criminal and probate matters before the Superior Court of the City and County of San Francisco for the year beginning January 1st, 1913, and ending December 31st, 1913, which said Registers of Actions show all of the cases filed in said departments of said court during said year and the names of the attorneys appearing in said cases;

Affiant further says that he has made a careful search of all the Justices' dockets as kept by the clerk of the Justices' Court of the said City and County of San Francisco, State of California, for the year commencing January 1st, 1913, and ending December 31st, 1913, which said Justices' dockets show all of the cases filed in said court during said year and the names of the attorneys appearing in the same;

That the said records above enumerated show that from January 1st, 1913, to December 31st, 1913, Charles Kasch appeared as attorney of record in the following number of cases:

Civil cases, none; Probate cases, none; criminal cases, none; Justices' court cases, none; total number of cases, none.

DON CARLOS BARRETT.

Subscribed and sworn to before me this 11th day of August, 1914.

HENRY B. LISTER.

Notary Public, in and for the City and County of San Francisco, State of California.

It would appear thus that Mr. Kasch's claims are to say the least, somewhat exaggerated.

X.

(We hold no brief for Mr. Kasch. He is able to take care of himself. The Dispatch printed his anouncement as it was given in, presuming the facts were as he represented them. The issue is up to him solely. —Editor.)

Norman Nelson, with the Enterprise Electrical Works of San Francisco, was in town yesterday. He was enroute home after a vacation visit with relatives at Mendocino.

### GIER SAYS WAR WILL BENEFIT WINE MEN

The inability of Germany to export Rhine wines will increase the use of California white wines, and the irregular shipping from French ports of champagne and other fancy liquors will cause also an increase in the use of American-made liquors, says Colonel Theodore Gier of Oakland, one of the State's leading wine dealers.

"The effect of the war on the wine industry depends entirley upon the length of th war," said Gier to-day, "but already it has caused an increase of $1.50 in the price of vermouth. If the war continues California vermouth will be used generally throughout the United States."

There is a shortage of champagne in the American market and this may also result in the extensive use of the California product. The importation of champagne has decreased twenty-five per cent. If the war continues and the importation of champagne is curtailed, California champagne will have to be used."

### CHAS. JESSEN DEAD; BURIED HERE YESTERDAY

Charles Jessen, a resident of San Francisco, died at the home of Robt. Anderson in Ukiah Tuesday afternoon, of diabetis. He came to Ukiah about three weeks ago to visit the Anderson family. About thirteen years ago Mr. Jessen conducted a barber shop here, during which time his wife died and was buried in the cemetery at this place.

Deceased was a native of Denmark and 54 years of age. He is survived by two sons and a daughter. The funeral took place from the South Methodist Church Thursday afternoon at 3 o'clock.

## WIRES CUT IN HOP YARDS NEAR MARYSVILLE

### Similar Trouble Expected Here

Local hop men are watching with the closest attention the reports from Sacramento of the cutting down of trellises in the hop yards of that valley and the consequent ruin of many thousands of dollars worth of hops. The principal loss was on the ranch of Wolff, Netter & Co., guy wires being cut on that place and 40 acres of hops worth $24,000 ruined. Concerning the affair, a dispatch from Marysville last Wednesday says:

"While making a tour of the Yuba County hop fields, Health Officer J. H. Barr and District Attorney Edward B. Stanwood were notified by Wolf, Netter & Co., owners of 100 acres of hops in the Arboga district, that forty acres of their hops were destroyed by vandals, who cut the guy wires.

The hop men claim to have a suspicion of the persons responsible for the malicious act. T hey stated to District Attorney Stanwood that no report had been made to the authorities for fear that an investigation might cause further trouble.

The sheriff's office reported today that 100 I. W. W. were near Lincoln, en route to Wheatland. At the present time hop picking on the Wheatland ranches is progressing without any hindrance from agitators, who, according to Sheriff O. L. Meek, have made no appearance.

The Durst Brothers have a large force of guards stationed on their ranch, and Yuba County has several Deputy Sheriffs stationed at Wheatland as a guard against any sudden trouble."

Whether justly or unjustly these acts of vandalism are attributed to the I. W. W. or sympathizers with them.

Should there be any sign of similar trobule here Sheriff Byrnes will be called upon by the hop men to furnish deputies enough to guard the fields. Spies of the hop growers report that the I. W. W. will turn their attention toward Mendocino county when harvest begins.

Mrs. Ben Edwards returned Wednesday evening from Los Angeles, where she had been spending a few weeks visiting relatives.

## HOP FESTIVAL PROGRESSING

### Committees Are Meeting With Great Success

### OLD FASHIONED HORSE RACES

The various committees of the Hop Festival Association report progress beyond their fondest expectations. The interest that is being taken throughout the County in the Festival and Mendocino County Fair leads us to believe that the celebration this year will far excel anything of a similar nature that has ever before been attempted in this section. The horse races will be one of the big features of the show. There are at this time ten or twelve horses in training at the track and Mr. H. B. Smith, who is in charge of this feature, states that the public will be treated to the best meet that has taken place on the local track since the good old halcyon days when "King Horse" ruled supreme at the district fair. In addition to the trotting and pacing races there will also be running races participated in by saddle animals belonging to private owners throughout the county. This feature will undoubtedly be a banner one. The sheep dog contest has aroused a friendly spirit of rivalry among the sheep men from one end of the county to the other and it is expected that practically every sheep dog of reputation will be entered. Entry blanks for this event are being mailed to the various owners of dogs. The entry fee for this event will be $2.50 and there will be three valuable trophies awarded to the three dogs that make the best showing. The judges will be selected with reference solely to the highest order of fitness: provided always, that no person will be permitted to act as judge where he is a competitor in any way. The work will consist of the general home work, i. e. taking the sheep from one corral around a marked course and placing them in another corral. The number of sheep to be handled will be left to those who have entered dogs in the contest, the majority ruling. The dogs that do the cleanest work with the least assistance from the handler will be declared the winners.

The committee in charge of advertising has secured the most attractive advertising matter that has been used by any of the north of the bays counties for similar occasions, and it is their intention to cover the bill boards of Mendocino, Lake, Sonoma and Marin counties and it is our belief that this advertising campaign will result in bringing the largest crowds to Ukiah that this city has ever been called upon to entertain. The amusement features have all been signed up and are an assured success, and now it is up to the farmers of the county to make our agricultural, live stock and poultry show one that we may well be proud of. It is impossible for the committees having this end in charge to call upon the individual farmer to solicit exhibits and they are relying upon the individual feeling of pride that each man has in his county and in his own farm in particular to get together a display that will surprise not only the stranger that will come to us but that will even astonish his next door neighbor.

The Racing Committee, consisting of J. L. McCracken, F. C. Handy, H. B. Smith, J. L. Charlton and George P. Anderson, appointed by the Hop Festival Association, have made up a speed programme for three days racing during the Hop Festival. The committee has confined the racing to horses owned in Mendocino County on June 1st. The financial allowance for a race meeting would not justify outside horses coming here to race. The committe has made diligent inquiry as to all horses owned in Mendocino County that would likely race when the time comes in order to get as many competitors as possible and finally when the list was submitted had it not been that there was quite a rivalry between certain of the owners of Ukiah horses it would have been impossible to give more than a two days meeting, but as the programme is now arranged there will be three day's racing sport, on September 15th, 16th and 19th, leaving an intermission of two days which will be filled with base ball games and other entertainment which will make five days high class and interesting performance at the Fair Grounds.

There are four pacers owned in Ukiah any one of which can step a mile in 2:20, and the owner of each thinks he has the best, and in consequence of their belief they are willing back their judgment by adding even more to the purse than is given by the Association.

On the first day, Tuesday September 15th, the first race will be a trot, mile heats, 3 in 5, between B. Cunningham's bay gelding McGilvray; George P. Anderson's brown gelding

# MORE NATURAL GAS STRUCK AT WILLITS

## May be Developed Commercially

Willits, Aug. 11.—Last week while Jake Thom was digging a well for Miss Belle Reynolds he struck a strong flow of natural gas. The gas was turned into the tank and burned steadily. The gas will be turned into a tank and then used for heating and lighting purposes. Austin Muir has a gas well on his ranch which he has now used for several years for heat and light and which is as strong now as it ever was. Natural gas has been found in a number of wells in this valley. Another effort will now probably be made to bore a deep well and see if enough cannot be found to use it for commercial purposes on a larger scale.

### SHIPMENTS OF SALMON FROM F. B. CONTINUE

Willits, Aug. 11.—Large quantities of fish are still coming over from Fort Bragg every day for shipment to San Francisco. About 10,000 lbs. week. Wednesday 7,000 lbs., were week. Wednesday, 7,000 lbs., was brought over in a freight car and then transferred to the regular afternoon passenger train. In making this transfer the train was delayed five minutes.

### WILLITS MAN IS SUICIDE IN S. F.

Willits, Aug. 11.—The S. F. Bulletin Tuesday had an account of Otto Schultz holding up a saloon in the city and then committing suicide just as a policeman was about to arrest him. Schultz used to tend bar in Willits. He worked at the Eagle Cafe, the Ukiah Inn and finally for John Quarteroni at the Commercial Hotel. While working at the latter place he sold liquor to a minor and was fined $200. He was then fired and went to S. F. Schultz was well liked here, but he was drunk most of the time. He was a native of Germany and about 50 years of age.

### SUMMONS

In The Superior Court of the State of California, In and For the County of Mendocino.

Mary Isabelle Talkington, etc. et al., Plaintiffs.

vs.

William Talkington, et al., Defendants.

W. F. Cowan, Santa Rosa, Cal., Attorney for Plaintiffs.

Action brought in the Superior Court of the State of California, in and for the County of Mendocino, and the complaint filed in the office of the County Clerk of said County of Mendocino.

Notice is hereby given that, as directed by the Commissioner of the General Land Office, under provisions of Act of Congress approved June 27, 1906 (34 Stats., 517), pursuant to the application of Ulysses M. Briggs, Serial No. 06160, we will offer at public sale, to the highest bidder, but at not less than $1.25 per acre, at 10.30 o'clock A. M., on the 10th day of September, 1914, at this office, the following tract of land: The NE¼NE¼ Sec. 30, T. 15 N., R. 13 W., MDM. This land is ordered into the market on a showing that the greater portion thereof is mountainous or too rough for cultivation. Any persons claiming adversely the above-described land are advised to file their claims, or objections, on or before the time designated for sale. T. G. Daniells, Register. John J. Deane, Receiver. First publication in the Ukiah Dispatch-Democrat, July 17, 1914. 40-5.

Restoration to Entry of Lands in National Forest.

Notice is hereby given that the lands described below, embracing 110 acres, within the California National Forest, California, will be subject to settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906 (34 Stat., 233), at the United States land office at San Francisco, California, on September 24, 1914. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is excercised prior to September 24, 1914, on which date the lands will be subject to settlement and entry by any qualified person. The lands are as follows: The S½ of SW¼, Sec. 18, T. 24 N., R. 12 W., M. D. M., 80 acres, listed upon the application of A. T. Giddings, 1622-17th Street, San Francisco, California; List 5-2191. The W½ of SE¼ of SW¼, the NE¼ of SE¼ of SW¼, Sec. 6, T. 24 N., R. 12 W., 30 acres, listed upon the application of Clinton Jordan, Covelo, California List 5-2192. July 18, 1914, D. K. Parrott Acting Assistant Commissioner of the General Land Office. 42-5.

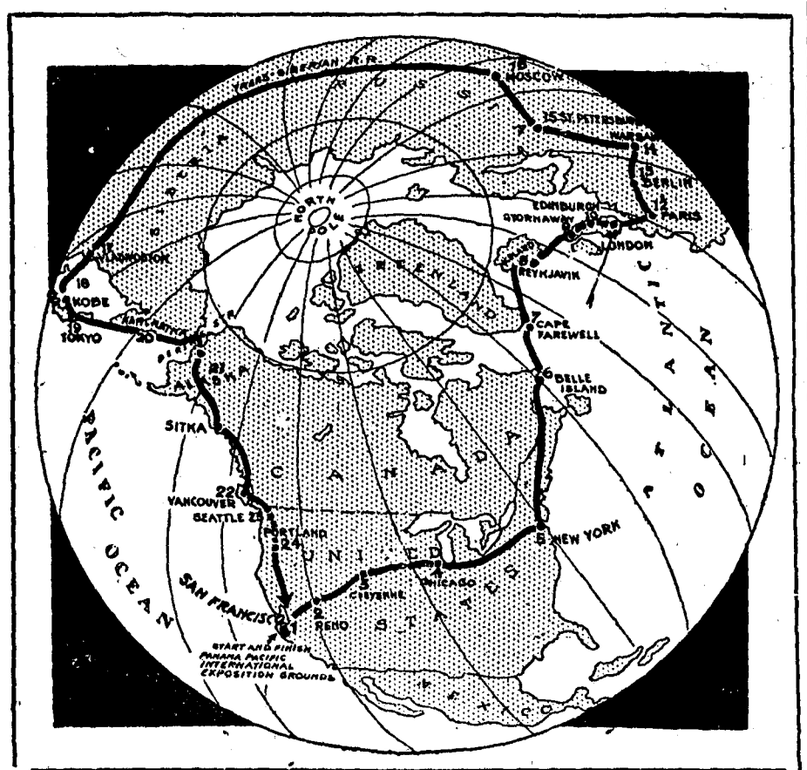
# Splendors of the Panama-Pacific International Exposition Revealed by Progress at San Francisco.

## SUPERB WORKS OF SCULPTURE AND ART IN COLOSSAL EXHIBIT PALACES FOR AMERICA'S PANAMA CANAL CELEBRATION.

GLINTS of gold from vast oriental domes, Venetian blue on minarets, prodigious works of sculpture and the arrival of notables from all parts of the globe give glimpses of the great Panama-Pacific International Exposition as it will appear when its gates swing open to the world in San Francisco on Feb. 20, 1915.

Not for many years will the world be enabled to enjoy so marvelous a collection of the works of contemporary sculptors. The World's Columbian Exposition at Chicago first proved that the greatest talent might be engaged to produce work of even temporary value. Since then more and more attention has been given at each succeeding exposition to sculpture as a form of decoration, and the great Panama-Pacific International Exposition at San Francisco promises to surpass even Chicago's exquisite display.

Every phase of the exposition is far advanced. Thirty-four of the world's nations will participate with government displays, Argentina leading with a government appropriation of $1,300,000 gold.



## AIRSHIPS WILL RACE AROUND THE GLOBE FROM SAN FRANCISCO IN 1915.

AERONAUTS from all the civilized nations of the globe with every standard type of air craft driven by motors will participate in an aerial race around the world, which will be a feature of the sporting events to be held during the Panama-Pacific International Exposition at San Francisco in 1915.

The race will start from the grounds of the Exposition in May, 1915, and will end there. Three hundred thousand dollars has been hung up in prizes for this stupendous world girdling contest. A number of the world's greatest aviators have signified their intention of entering the races. The recent flight of Stoeffler, ending at Mulhausen, Germany, in which he covered 1,375 miles, convinces aviators that long flights are a matter of adequate supply stations. The above photograph shows the route around the world and the various supply stations.

# SHORT ITEMS OF INTEREST INCLUDING PERSONAL NOTES CONCERNING LOCAL PEOPLE

Chris Beckley's threshing outfit completed their labors this week.

Bowen Bros., have opened a paint shot on Gobbi Avenue. Automobile painting will be their specialty.

Mr. and Mrs. A. D. Scott, of Elk, returned to their home Sunday by auto after a two weeks visit with Mr. and Mrs. H. B. Smith. Mrs. Scott is sister of Mr. Smith.

Quite a number of the local aerie motored to Healdsburg Sunday to take in the Eagles' picnic at the above place. The boys report a splendid time.

John O'Neil returned to Ukiah last Wednesday after an absence of several months in Stockton and the bay cities. He is visiting his daughter, Mrs. Jas. Laughlin.

Mr. H. A. Eldred has commenced the construction of a four-room bungalow on a lot on Brush, between Smith and Henry streets.

Chas. W. Gibson, of Fresno, left Wednesday morning for his home after a two weeks' visit with his parents Mr. and Mrs. J. R. Gibson, of this city.

A hunting party consisting of J. R. Gibson, of Ukiah, Chas. Gibson, of Potter, Chas. W. Gibson and C. Hatfield, of Fresno, returned from Hull mountain Tuesday. They got five fine bucks.

R. L. Cleveland, candidate for Coroner and Public Administrator left Wednesday for the coast to interview the voters. Bob is making a hard fight, and if elected will make a good official.

Sugar jumped from $5.00 to $7.00 a hundred pounds the past four days. This is not very "sweet" news to the housewife who is putting up the winter supply of fruit.

Mr. and Mrs. A. J. Atkins arrived in Ukiah last Friday for a visit to Mrs. Atkins' parents, Mr. and Mrs. E. S. Ames. They returned Monday accompanied by Grandma Chaplain who will visit in the bay cities for a couple of weeks.

E. A. Wakeley, W. Lauchsteadt, Mrs. Schuford and Mr. Hughes, all of Laytonville came down to Ukiah Monday on business. Mr. Wakeley is now engaged in farming at the above place. He left Ukiah about eighteen months ago.

W. C. Hunter, brought over his mother, Mrs. J. S. Hunter, Fred Hunter his brother and a nephew, who had been spending a couple of weeks at the Hunter home about five miles north of Upper Lake. They took the afternoon train for Oakland. They were all formerly residents of Ukiah.

J. T. Berryhill at one time a resident of this place, but now residing in Potter, has been seriously ill the past week. Mr. Berryhill is 91 years of age.

---

An auto load of Boonville fans passed through town Sunday on their way to Willits to cross bats with the Willits team. They were defeated by the Willits team. The score being 4 to 2.

Walter Brown, Louis Charlton, John Hoffman and C. C. Brewer left Wednesday for a hunting trip on Scott's creek in Lake county. Brewer rode his mule and for fear some one would take a shot at it for a deeer, he had a card printed which he intends to attach to the animal when he leaves camp that reads: "This is Brewer's mule."

F. C. Albertson returned Sunday evening from a trip below.

J. H. Doran, of Fort Bragg, was registered at the Palace Sunday.

Mrs. L. W. Babcock visited San Francisco the first of the week.

Ed Gibson, of Round Valley was registered at the Palace Tuesday.

P. H. Joseph, the jeweler, returned from a business trip to San Francisco Sunday evening.

S. M. Ray and wife returned Monday from Sebastopol, where they spent the week at the apple show.

Mrs. J. F. McClure came up on the evening train Sunday from a visit to San Francisco.

L. V. Nye, of Redwine, was transacting business at the court house Tuesday.

Mrs. Andrew McKay, of Handley's is visiting her sister, Mrs. J. A. Gibson, of Ukiah.

Harvey Prather spent a few days in San Francisco the first of the week.

Chester Cox, of the Cox Hardware Co., and family left the first of the week for a camping trip on the coast. They expect to be gone a couple of weeks.

Rodney Crockett, having completed his duties at the fish hatchery for this season, left Monday for San Francisco where he expects to remain for several weeks.

Two years ago there were over one hundred vacant houses in Ukiah. Today there is hardly a house to be had. We have the climate, the schools, and the sanitary conditions, thus making our town a desirable place for home seekers.

Chas. Reed, son of I. C. Reed of this place, came down from Eureka the past week for a short visit. He says that L. J. Wilson, brother of Frank Wilson, of Ukiah, is doing a fine business at his bottling works in Eureka.

W. C. Hunter, who lives in the neighborhood of the fire which was said to be doing so much damage last week on the Gravelly Valley mountains, informed a Dispatch Democrat representative that the fire was a great benefit to that section, having burned over several thousand acres of chemisal brush. The fire fighters were taken there to prevent it from reaching a large forest of fine fir timber which is in that vicinity.

Ed Smith, Sid Smith and Elmer Purdy returned Tuesday from a three week's surveying trip around Dyersville in Humboldt county. They report warm weather and the roads very bad in places. They made the trip by auto.

Carl Purdy went to San Francisco Monday to look after his landscape interests.

Lee Cunningham returned from a campaigning tour Tuesday. He visited the northern coast and returned by way of Covelo.

A one-legged man and his partner entertained a crowd in front of the Palace hotel Tuesday evening with a banjo and harmonica music. The hat was passed and the audience were very liberal in their contributions.

Mark Gibson was over from the State Hospital Tuesday, where he has been for the past two months employed in the meat department. Mark is looking fine.

### Why Hollow Trees Live.

In forests and private parks one may often witness the remarkable sight of a very old tree with a trunk consisting of nothing but a hollow shell and yet bearing branches that are covered with foliage. It would seem to be impossible that the dry bark, in some cases only held together by an iron band, could go on producing leaves year after year in the manner in which it does. The explanation, however, is quite a simple one. In very young trees the sap carrying portion is in the center. It is a series of bundles of minute cellular tubes scientifically known as "vascular bundles." As the tree gets older this series of bundles forms a ring which gets bigger and bigger as the circumference of the tree increases. In course of time the center withers and decays since it is no longer needed to supply the branches with nourishment.—London Graphic.

### Tennyson's Last Hours.

Dr. G. H. R. Dabbs was the medical attendant on Tennyson during the latter's last illness. A few hours before the end the poet turned to the doctor and said "Death?" The doctor merely bowed his head. "That's well," said Tennyson. Dr. Dabbs has left on record a picture of the concluding scene. "Nothing," he writes, "could have been more striking. * * * On the bed a figure of breathing marble, flooded and bathed in the light of the full moon streaming through the oriel window; his hand clasping the Shakespeare which he had asked for but recently and which he had kept by him to the end; the moonlight, the majestic figure as he lay there, 'drawing thicker breath,' irresistibly brought to our minds his own 'Passing of Arthur.'"

### His Three Laughs.

"The fool," wrote Burne-Jones in one of his letters, "has three laughs. He laughs at what is good, he laughts at what is bad and he laughs at what he does not understand."

Alex and Vernon Rawles, of Boonville, were Ukiah visitors the first of the week.

Ed Gibson, of Covelo, was among the prominent residents of northern Mendocino in town the past week.

J. S. Hughes and wife and F. D. Hughes, of Potter valley, were in Ukiah last Wednesday.

Jack Payne and family departed yesterday morning for Vallejo where they will spend several weeks.

Ask for the West Coast ten cent cigar, made in Ukiah. There is no better cigar made. Try it. Help home industry.

Mrs. Jessie Story is visiting Mrs. Eva Cameron in Ukiah, coming up from her home in the southern part of the state the first of the week.

Judge Whitney and Constable Whitcomb were among the prominent Willits residents in town last Friday.

Dr. E. B. Gibson and family are taking a two weeks' vacation tour of the county.

Ralph Chessall, Will Banker and Willis Prather depart the latter part of the week for Berkeley, where they will enter the University of California. Chessall will take a course in dentistry and the other two boys will take civil engineering.

Ed Percy was called over from Ft. Bragg this week on account of the sudden death of his father.

Miss Minnie Talkington, of Laytonville, died in Healdsburg last Saturday, she was 15 years of age and the daughter of Mrs. Belle Talkington. The remains were taken to Laytonville for burial.

Mrs. M. J. Neil and Mrs. H. E. Clay were registered at the Cecille from Potter valley last Friday.

Boy wanted to do chores at the Gibson Hotel. Apply to Mrs. Geo. Schmitt, at the hotel.

### WOOD FOR SALE

Good wood for sale. Immediate delivery. Address or call on E. A. Dunsing, Ukiah.

### OILER HAS NARROW ESCAPE FROM DEATH

Mendocino, Aug. 12.—Joe Gomes, a young man employed in the local mill, had a miraculous escape from death last Friday, while oiling the bearings of some shafting under the lower floor of the mill. His clothes were caught by the machinery and he was being rapidly drawn towards the shaft when he managed to grasp a projecting beam. His entire clothing was torn from him leaving him stripped naked except for his shoes and socks. He was somewhat bruised and scratched but otherwise escaped injury. If his clothing had not ripped off of him, he would have been drawn over the shaft and undoubtedly killed.

### NOTICE TO HIGH SCHOOL STUDENTS

Several members of the faculty will be at the high school on Friday and Saturday, August 21st and 22nd to talk over the courses with the new students and help old students arrange for certain optional subjects which will not be offered unless sufficient pupils want them. When school opens on the 24th, the year's program will be definitely arranged, hence it is urged that as many as possible take this opportunity of getting acquainted with the courses of study.

B. A. Lindsay,
Principal.

### LORD & MEEK SHOW GETS GOOD HOUSES

That Ukiah people appreciate a change from the usual picture house program has been evidenced this week by the big crowds that have attended the Victory, where the Lord & Meek musical comedy company have ben giving their shows. Light, color and action always attract and please and the Lord & Meek shows are chock full of all three. In addition to this company there was the usual vaudeville program last Tuesday evening and the regular picture features which are put on every week by Mr. Cox, the Victory's proprietor. In fact the Victory program this week has been a record breaker.

The Lord & Meek company are on tonight and again tomorrow night, when they close their engagement here.

## THOMAS GRIFFIN SPOKE WEDNESDAY
### Makes Good Impression in Ukiah

Thomas Griffin, candidate for the Democratic nomination for State Senator, arrived in Ukiah last Wednesday afternoon and spent the balance of the day in getting acquainted with prominent Democrats and business men about town. Mr. Griffin was received and introduced by Assemblyman T. J. Weldon, who was a close friend of his in the state legislature.

Mr. Griffin is good Senatorial timber and impressed all who met him as such. He is a big man in every sense of the word and his ideas as expounded that evening at the open air meeting in front of the courthouse mark him as the stateman rather than the politician. Earnest in his views and broad in his outlook, he is a man who will make a record, should he go to Washington, that the Democrats of California will be able to point to with pride. He will get his share of the votes in Ukiah at the primary.

Ask for the West Coast ten cent cigar, made in Ukiah. There is no better cigar made. Try it. Help home industry.

## ENCOURAGING REPORTS FROM CONNOLLY CAMPAIGN
### Sentiment Fast Increasing for Him

Pat Connolly, candidate for County Clerk, has been on the north coast this week and the most encouraging reports come from there as well as from other sections regarding his candidacy. Mr. Connolly is an old campaigner and is leaving no stone unturned to secure the plum. There is probably no candidate running this year who is better fitted to fill the office he seeks than Mr. Connolly is to fill that of county clerk. A long experience in clerical matters and in work in various capacities about the courthouse have given him an insight into the duties of the office that is surpassed by none. He is an energetic organizer and his splendid work in reorganizing the work of the Recorder's office, which went to him in a chaotic state, proves that he is well able to supervise and direct the manifold departments of the office. He is a man of mature years and judgment and there is a constantly growing sentiment that he should be elected to the position he seeks.

## FORT BRAGG WILL TRY MUNICIPAL OWNERSHIP
### Wants to Buy Milliken Waterworks

Fort Bragg has decided to try municipal ownership, at least to the extent of buying the water system, which supplies the city.

The water system is owned by H. F. Milliken, and he and J. A. Pettis, counsel for the municipality, appeared before State Railroad Commissioner Eshleman last week at a hearing in the matter of the physical valuation of the property. Mr. Milliken is asking the city $60,000 for his plant and distributing system, and submitted an appraisement that placed the valuation of the property at $3,955.

Opposed to these figures was an appraisal made by the engineering corps of the Commission, and these experts found that the inclusive present value of the plant was only $41,-800.

Eshleman has taken the matter under advisement.

### MENDOCINO LUMBERMAN PASSED AWAY MONDAY

Mendocino, Aug. 12.—Eli Knight, superintendent of the lumber yard here, passed away Monday after a long and painful illness. Mr. Knight was 51 years of age and a native of Michigan. He had lived in California for 40 years, a great part of which was spent on this coast, where he was employed at different times in the various mills. He leaves a wife and three children to mourn his loss. The funeral took place here Wednesday, and was attended by one of the largest assemblages ever seen in this town.

# FORD
## THE UNIVERSAL CAR

## Buyers to Share in Profits Lower Prices on Ford Cars

Effective from August 1, 1914 to August 1, 1915 and guaranteed against any reduction during that time:

| | | |
|---|---|---|
| **Touring Car** | - - | **$490** |
| **Runabout** | - - | **440** |
| **Town Car** | - - | **690** |

F. O. B. Detroit, all cars fully equipped.
(In the United States of America only)

Further, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 300,000 cars between the above dates.

And should we reach this production, we agree to pay as the buyer's share from $40 to $60 per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914 and August 1, 1915.

For further particulars regarding these low prices and profit-sharing plan, see the nearest Ford Branch or Dealer.

## FAIRBANKS & BECHTEL GET HUMBOLDT CONTRACT
### Hard Bros. to Build to Hopland

The State Highway Commission has had under consideration the past few days bids for 70.9 miles of roads to be bulit under the $18,000,000 bond issue.

The bids of interest to Mendocino county people were as follows:

Mendocino county, from 2¾ miles north of Hopland to Ukiah, about 11.4 miles in length. Materials furnished by State, $37,639.46; engineers' estimate, $78,321.56; Hard Brothers, Sacramento, $68,385.80.

Humboldt county, from Miranda to Dyerville, 13.8 mlies long. Material furnished by State, $40,156.10; engineer's estimate, $120,688.02; Fairbanks & Baechtel, Willits, $120,893.

Humboldt county from Shively to Jordan Creek, 3.7 miles. Engineer's estimate, $29,070.97; Graham, Jensen, Elsmore & Jacobs, San Francisco and Eureka, $36,161.40.

The last named bid was rejected, the estimate of the bidder being above that of the State Engineers.

The other two contracts were awarded to Hard Brothers and Fairbanks and Baechtel respectively.

Hard Brothers have the contract from Forsythe Creek to Ridgewood.

Mrs. Frank Rea and children have been visiting the past week with Mr. and Mrs. J. N. Rea, of Mendocino.

Miss Daisy Hill, asistant instructor at the Hopland grammar school, was a Ukiah visitor the latter part of last week.

Roy Perkins and wife are here for a visit with Mr. and Mrs. J. F. Perkins. Roy has been holding a good position in Oregon for many years past.

### ORDER TO SHOW CAUSE.

In the Superior Court, County of Mendocino, State of California.

In the matter of the estate of George M. Bickford, deceased.

DAVID SQUIRES, administrator of the estate of George M. Bickford, deceased, having presented and filed herein his petition in due form praying for an order of sale of certain real estate belonging to the estate of said deceased, for the purpose therein set forth:

IT IS, THEREFORE, ORDERED BY THIS COURT, that all persons interested in the estate of said deceased, appear before this court on Monday, the 14th day of September, 1914, at ten o'clock a. m. of said day at the Court Room of this court in Ukiah, Mendocino Count, State of California, then and there to show cause, if any they have, why an order should not be made by this court, authorizing and directing the said administrator to sell at private sale, so much and such portions of the real estate belonging to said estate as may be necessary or for the best interests of said estate.

IT IS FURTHER ORDERED, that a copy of this order be published at least four successive weeks in the Dispatch-Democrat, a newspaper printed and published in the said County of Mendocino, State of California.

Dated this 13th day of August, 1914.

## MENDOCINO COAST MILLS CURTAILING
### Are Running on Reduced Time

Mendocino, Aug. 12.—The redwood lumber market has been seriously affected by the European war and as a result, a number of mills and logging camps on this coast have reduced their running time, and it is being predicted that if the war continues, many lumber camps and some of the mills will close entirely. The local mill this week began running on three-quarter time, the Caspar mill is running but four days out of the week, Fort Bragg and Greenwood are running on short time and the Albion company is considering reducing the running time. As a considerable amount of redwood lumber is sold in the European market, the war has naturally a great effect upon the demand for the product.

## FOX ARRESTED FOR DIAMOND ROBBERY
### Charged With Taking the Stones

Deputy Sheriff Geo. Finney went to Willits last Friday and arrested Geo. Fox, who figured so prominently a few months ago in the disappearance of several thousands of dollars worth of diamonds near Cloverdale and the subsequent disappearance of the diamonds in a hole at the foot of a tree near Preston. Sheriff Byrnes says that he has sufficient evidence to connect Fox with the taking of the diamonds. The warrant of arrest is sworn to by Mrs. Gossman, with whom Fox was traveling at the time and to whom the stones belonged. It will be remembered that the diamonds were in a suit case which Fox and the woman took with them on a picnic and that the suitcase was slashed while both were absent from their automobile and the diamonds taken. Byrnes charged Fox with knowing all about the whereabouts of the stones and later received an anonymous note which told where they might be recovered.

When arrested Fox was with his wife and daughter and was en route on an auto trip from Portland to San Francisco. He was taken before Judge Crockett and held under $3000 bonds last Saturday.

## CANADA AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION, SAN FRANCISCO, 1915.

PLANS for the Canadian building at the Panama-Pacific International Exposition at San Francisco in 1915 have been approved, and the work on the great structure has started.

The Canadian Palace, as it is officially named, will be one of the largest and most imposing of the foreign buildings, having a length of 340 feet, a width of 240 feet and a height of 50 feet, and will cost in the neighborhood of $300,000. It will be the largest building ever erected by Canada at an international exposition, covering 65,000 square feet, and will house one of the most elaborate and comprehensive exhibits of the Dominion's resources and products ever shown on foreign soil. Six hundred thousand dollars has already been voted by the Canadian parliament for the building and exhibits, but a further grant, bringing the appropriation up to $1,000,000, will be recommended.

**SUMMONS**

In The Superior Court of the County of Mendocino, State of California.

W. P. Thomas, Administrator of the Estate of Zila McClendon, sometimes called Zila McClendon Smith, Deceased, Plaintiff,
vs.
Robert Walker, and all other persons claiming any right, title, estate, lien or interest in or to the real property described in the complaint in this action, adverse to plaintiff's ownership or casting any cloud upon plaintiff's title thereto, Defendants.

J. R. Thomas Attorney for Plaintiff.

Action brought in the Superior Court of the County of Mendocino, State of California, and the Complaint filed in the office of the Clerk of the said County of Mendocino.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:—ROBERT WALKER, and all other persons claiming any right, title, estate, lien or interest in or to the real property described in the complaint in this action, adverse to plaintiff's ownership or casting any cloud upon plaintiff's title thereto, Defendants:—

You, and each of you, are hereby directed to appear and answer the complaint in the action entitled as above, brought against you in the Superior Court of the County of Mendocino, State of California, within ten days after the service on you of this summons, if served within this County; or within thirty days if served elsewhere.

And you are notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in said complaint.

The object of the said above entitled action is to determine the adverse claims to and the clouds upon the title to all that certain real property described as the NE. ¼ of the NW. ¼ of Sec. 13, Township 16 N., R. 12 W., M. D. M., in Mendocino County, State of California, and to obtain a decree of this Court quieting plaintiff's title to the same.

Given under my hand and the Seal of the Superior Court of the County of Mendocino, State of California, this 9th day of June, 1914.

Hale McCowen
Clerk.

## BELGIUM'S FORTIFICATIONS PROTECT ITS NEUTRALITY

### Has Line of Powerful Steel Forts

(Extract from Lecture by John L. Stoddard on Belgium)

"The level plains of Belgium have furnished Europe with its battlefields for many centuries. From the time of the Franks under Clovis, down to the siege of Antwerp, in 1830, the wars of western Europe have, to a large extent, been fought out in Flanders. Within a radius of fifty miles of Brussels there are at least twenty-five broad plains, which offer admirable ground for the maneuvering of large armies. Hence, notwithstanding the fact that the neutrality of Belgium is guaranteed by the five great Powers, the Belgian government is so fearful lest this little country should be invaded either from the East or West, in case of war between France and Germany, that of late yeasr, it has constructed along the Meuse and Sambre a continous line of powerful steel forts, in order to defend the country and to protect its neutrality. These forts somewhat resemble our turret monitors, being manipulated by powerful machinery which causes them to disappear below the surface of the ground after discharging their tremendous guns. They are well located at strategic points along the two rivers, and, in case of war, would prove a serious obstacle to an invading army. They were designed by the distinguished Belgian military engineer, General Brialmont, who, a few years ago, was sent for by the Sultan to plan extensive fortifications along the Dardanelles, and whose works on modern defenses are used as text-books in our artillery school at Fortress Monroe.

The question, whether it would be possible to preserve the neutrality of Belgium in case of war between France and some other Continental Power, is extremely interesting. It is well understood that this neutrality has been guaranteed by England, France, Russia, Prussia, and Austria; yet, from a military standpoint, it is also clear that the powerful armies likely to be organized upon its borders, in case of war, would be compelled to enter Belgium in order to secure a position in which to attack each other. The fact is not generally known that the outbreak of hostilities between France and Germany, in 1870, each of these Powers was promptly informed by the English government that, when the first soldier of either army entered the territory of Belgium with hostile intent, Great Britain would immediately intervene with her entire land and sea forces. Still, notwithstanding the well-known views of England on this subject, and the policy she would be likely to pursue to maintain Belgian neutrality, I recently heard a distinguished European diplomat say that if war should break out between France and German, the neutrality of neither Belgium nor Switzerland would be respected by either of the contending forces; that the violation of neutral rights would be absolutely required by the necessities of the situation; and that the contending armies would undoubtedly be obliged to pass through one or both of these neutral countries, or possibly even to fight on their soil."

### WILLITS ODD FELLOWS REMODELING BUILDING

Willits, Aug. 11.—The Odd Fellows are having a concrete foundation put under their building and will remodel the lower hall and make a store room out of it. The building had to be raised six inches in conform to the new street grade. Some alterations will also have to be made upstairs, the entrance will be on the south side of the building. When this hall was built it was considered quite a building but Willits has grown so much since that time that it is now a back number.

### WILLITS MAN DIES IN SOUTHERN CALIFORNIA

Willits, August 11—On Wednesday of last week Mrs. Geo. W. Upp received a telegram which stated that her brother, E. L. Davidson had died from heat prostration at Imperial Junction. The thermometer that day registered 131 degrees and one of his companions was also prostrated. The deceased was a brakeman in the employ of the S. P. railroad. The remains were brought to Willits Friday night and the funeral services were held Sunday morning, Rev. W. C. Whitaker officiating. A number of very handsome floral pieces were presented by friends.

The deceased was born in Willits, March 21, 1887, and was therefore 27 years of age. He leaves a mother, three sisters and a brother to mourn his untimely death. They are: Mrs. Mary Robertson, his mother; Mrs. L. C. Mau, of Porterville, Mrs. G. W. Upp, of Willits, Mrs. Grace Fery, of San Rafael, sisters; and Will Davidson, of Laytonville, his brother.

Harris Taylor came up from Santa Rosa Monday.

### BEAR HUNTERS BAG GAME NEAR WILLITS

A bear track having been seen on the Van Arsdale ranch several times by Frank Williams, caused much excitement to the coyote hunters of that section. On Thursday morning, August 6th, Mr. Williams saw a fresh track near where three sheep had been killed and sent word to the boys. On Friday morning, Oscar Hollingsworth and Valmore Blosser were up bright and early mounted their speedy steeds and were off with fourteen hounds. The dogs cold trailed from 2 o'clock a. m., until 6 o'clock, and the boys were about to give up in despair when the dogs struck a red hot track, ran the bear a mile and a half up and down hill and then treed it. The bear having treed in such a rough place the boys had to crawl a mile and a half on hands and knees through the brush before they could get to the tree. When they got there Oscar was all in and Frank Williams was so wet he looked as if he had been swimming in the river, while Blosser and Hardric, one of the Willits bronco twisters, stood the trip pretty well. Hollingsworth being some excited shot the bear in the mouth. The bear started down the tree and Hollingsworth and Williams both shot bringing it to the ground with great force. Blosser fainted and Frank being first to his rescue, plunged him into the river, giving him the first cold bath of the season. Being unable to carry the bear out, a trail was cut through the brush and it was packed out on a horse.

It was a cinnamon bear weighing 500 pounds and in good condition.

It was taken to Willits Saturday by Frank Williams.

Marshal Davidson, one of our hunters, who didn't have much confidence in getting a bear track started, will be right there when the boys say bear hunt next time.

UKIAH, CALIFORNIA, FRIDAY, AUGUST 14, 1914

The few liquor men who are attempting to get up sentiment against Claude F. Purkitt because he has done his duty in running the blind pigs out of Glenn county show very poor judgment and Purkitt's strength will be increased just so much thereby. It is not likely that the decent republicans will find the combination between Weyand and the blind piggers very attractive. From the coast section of this county particularly come assurances of prominent republicans that they are for Purkitt, first because he is clean, and secondly because his opponent helped disfranchise the republican party in California four years ago. The illegitimate liquor men are trying hard to drag the hop and grape men of Ukiah valley into the fight in behalf of Weyand, but this attempt is proving abortive, the hop and grape men having almost without exception decided to stay out of the fight on account of the effect it may have on the statewide prohibition amendment. Many have declared outright for Purkitt. If these bonehead attempts will only be kept up Purkill will get the Republican endorsement by a big majority.

Democracy has shown once more that it is for the best interest of the people. Several resolutions have been introduced in Congress to investigate the recent jumps in the prices of food which have been made on the pretense that the war in Europe is reducing the supply. It is likely that the investigation will put an end to the increase in many cases. There is not the least excuse for a rise in foodstuffs which we export as a rule, although there may be some reason for an increase in the prices of those which we are accustomed to import, as the tying up of commerce would naturally tend to reduce the supply of these latter in America.

### EUROPEAN WAR IS DEPRESSING FRUIT PRICES

(Sacramento Union)

The European war, in its first month, has had a depressing effect upon the dried fruit market in this state. Peaches, already 1½ cents below the cost of production, are being forced even lower by the packers, and contracts on apricots and prunes, the two fruits most directly affected by the war, because both are exported in large quantities, are being repudiated freely by packers in the Santa Clara valley. This in effect will be the result of their action in refusing to accept fruit on contracts until the European war is settled.

Buyers for Eastern houses have been instructed to buy only fruit in such quantities as is absolutely essential, and this holding off has made it necessary to shade prices about one-half cent to obtain sales.

The apricot crop, estimated at 18,000 to 20,000 pounds, is averaging around 7¾ cents net to the grower, off one-half cent. Three-quarters of the fruit is sold abroad. Prunes are quoted one-half cent off, 4½ cents for 60s to 90s.

One encouraging feature is that Sultana and Thompson Seedless raisins will bring high prices this year, as few if any Sultanas and Valencias will be imported.

It is also probable the opening of commerce will relieve the situation.

### NEWS NOTES FROM POINT ARENA SECTION

(Pt. Arena Record)

George Scott and J. F. Dixon are back from their hunt on Signal ridge. On the first night out they lost one of their dogs, and later developments led to the belief that a panther had proved victorious in a battle. A fight was later heard in the thick brush on the side of a canyon, and the remaing two dogs were afterwards discovered bleeding and badly used up. It is supposed that a panther had defended her kittens against the attack of the dogs.

The Point Arena high school opened Monday with a good attendance. Many of the grammar school graduates failed to enroll, and it is hoped they will do so in the next few days. Our high school stands among the best in the State, and the graduates are admitted to the universities without examination.

The announcement of the engagement of Miss Myrtle L. Salsig to Morse Adams Cartwright is announced. The wedding will take place in the St. John's Presbyterian church, Berkeley, on August 15. The bride is well known on this coast, being the daughter of Mr. and Mrs. E. B. Salsig.

For the third consecutive year, the Point Arena lighthouse has won the star for being the best kept station in the State. This entitles it to the star of gold offered by the government.

F. C. Drew, president of the L. E. White Lumber Company, was in town Saturday looking over the interests of his company. He left next morning in his fine automobile.

Mr. and Mrs. Cox, of Ukiah, are the guests of Mr. and Mrs. Walter Storer.

A son was born Tuesday to Mr. and Mrs. Earl Bishop.

## HOP FESTIVAL PLANS ARE PROGRESSING

(Continued from page 1)

Decoration W. and Fred W. Dart's brown gelding Don Pedro. The owners subscribe $50 each and the Associations gives $50, making a purse of $200.

The second race, on same day, will be a match race, pacing, mile heats, 3 in 5, between Lew Charlton's chestnut mare Rose Thorn, and C. H. Wilgus' black gelding Charley J. The owners have subscribed $100 each and the Association gives $75, making a purse of $275, winner to take all. There has been much speculation as to the merits of these two horses and much discussion has been had in the past as to which was the faster, although they have never had an opportunity to be pitted against each other in race. Rose Thorn has for several years past had the distinction of being considered the fastest horse in Mendocino County, and while Charley is in a sense an unknown quantity he has started and won several races at the San Francisco Stadium.

The third race is also a match between H. B. Smith's and C. H. Wilgus' black stallion Sir Poleon and E. E. Holbrook's bay mare Mamie Stanley, mile heats, 3 in 5. This will be just as diffimult a race to pick the winner as that between Rose Thorn and Charley J., as both have been miles better than 2:30 already. In this race the owners are adding $200 to the amount given by the Association, making a purse of $275 the winner to take all.

Wednesday—the second day's racing will start with a trotting and pacing event, mile heats, 2 in 3, between Lew Charlton's black mare Sonoma Rose; Geo. P. Anderson's brown stallion Freddie J.; H. B. Smith's bay 3 yr., old filley, Princess May, and J. H. Dreyer's 2 yr. old pacer Moro King, for a purse of $150—$100 of which is made up by the owners.

The next event will be a Farmer's Buggy Race, half mile heats, 3 in 5 for horses that are actually used for buggy purposes and having never started for public money. Horses to be driven to buggy.

Purse $20, entrance free. 1st horse $12.50—2nd horse $7.50. Already three or four horses are tuning up for this event.

The next race will be running, for saddle horses that have never run for public money. Mexican saddles. 3-8 mile, 2 in 3. Purse $20, no entrance fee, 1st, $15, 2nd $5.00.

Running, half mile, 2 in 3, free for all. Purse $40.00, entrance free. Divided $25 and $15.

Thursday and Fraiday will be set aside for other than horse races.

**Saturday, Sept. 19th.**

The feature of the day, in fact the event of the week will be the pacing of the finals between Charley J., Rose Thorn, Sir Poleon and Mamie Stanley, which will be a contest of mile heats, 3 best in 5, for a purse of $350. Each owner pays an entrance fee of $50, in additional to $150 given by the Association.

This race will be worth going a long ways to see and will be difficult to pick the winner. Each owner thinking he has the best will make it all the more interesting. These horses have been under careful training for more than a month and will be in the pink of condition when the bell rings.

In addition to the pacing race there will be a trotting and pacing event between the horses McGilvray, Decoration W. and Don Pedro, half mile heats, 3 in 5, for a purse of $120. Each owner makes a starting payment of $30 and the Association adds $30.

Another saddle horse race ¼ mile and repeat, for a free purse of $25, will be given for horses that did not win in previous races of the week.

Another trotting and pacing race between Freddie J., Sonoma Rose, Princess May and Moro King will be a very interesting event. This will be ½ mile heats, 3 in 5, for a purse of $120. The owners making up ¾ of the purse.

Mr. Jack Dreyer has ten harness horses now at the track under his care getting them ready for the coming Fair. Mr. Dreyer is the best caretaker and trainer ever at the local track, and through his consenting to locate in Ukiah is the very thing that has made it at all possible for the Hop Festival to give a race meeting.

Mr. Dreyer has concluded to change his day of rest from Sunday to Monday in order that the townspeople may have an opportunity to watch the horses in their workouts on Sunday morning.

The surroundings at the track are very inviting and everyone is invited to come out and take a seat under the hop vines now bordering the stall sheds.

### LAD FALLS OVER BLUFF

Mendocino, Aug. 12.—Frank Escobar, a ten-year old lad, fell from the bluff that faces the bay here and narrowly escaped death last Saturday. He fell over twenty feet, his head striking on some small pieces of driftwood. He was rendered unconscious for some time, but aside from ripping his scalp open for about four inches, and losing a considerable amount of blood, he received no serious injury.

## ALBION TRIUMPHS OVER WENDLING

### Wins Ball Game Last Sunday

Albion, Aug. 11.—A very exciting baseball game was witnessed Sunday between Albion and Wendling on the Albion diamond, the Albion team winning by a score of 6 to 1. G. M. Alexander proved the champion of the day by striking out a home run in the last of the eight inning. Simmons, the Wendling Center Fielder could only stand and gaze at the ball as it went so far over his head.

The Albion team now holds the record of Mendocino County for baseball and is yet to be defeated in a championship game.

Those making the runs for Albion were: F. Anderson, 1; G. M. Alexander, 2; Hob Ferrill, 1; Woodman, 1; M. Haarby, 1.

Hotell of Wendling made the only run scored by the Wendling team.

The line up was as follows.

Albion—F. Anderson, G. M. Alexander, A. Haarby, E. Anderson, Catcher, Hob Ferrill, Woodman, M. Haarby, Pitcher, Hurse, B. Ferrill.

Wendling—Sawyer, Hotell, Bainbridge, Williams, Abrahamson, Catcher, Prather, McNeil, Simmons, Rielly, Pitcher.

W. S. Van Dyke paid Albion a visit Friday.

R. L. Hutchison passed through Albion Friday on his way south interviewing the voters before the coming election.

Miss Helen N. Puett of Ukiah arrived at Albion on Friday evening's stage and commenced her school Monday the 10th of August.

Miss Flora Buchanan arrived at Albion Sunday afternoon. She is principal of the Grammar School.

J. D. Brower was noticed in town Sunday interviewing the voters. He departed Monday for the North coast section.

J. A. Chambers passed through town Thursday, returning Sunday and while here took in the ball game between Albion and Wendling.

H. F. Ferrill returned Sunday after spending a vacation of a few days on Big River.

Mrs. H. J. Randall is visiting her daughter, Mrs. E. C. Williams at Albion for a few days.

R. L. Hutchison passed through town Monday going north. F. L. Caughey was noticed in town Saturday remaining Sunday and taking in the ball game.

R. R. Byrnes visited Albion for a few hours Saturday.

W. S. Davis, head clerk in the Company store leaves Sunday for a few days visit with his parents at Lakeport.

The steamer San Pedro arrived in port Tuesday morning and expects to leave Wednesday.

The steamer Pasadena is due to arrive in port Wednesday.

### MANY CANDIDATES ON MIDDLE COAST

Mendocino, Aug. 12.—A number of political candidates were here this week interviewing the voters. Theodore Hale, candidate for Superior Judge spoke here Saturday evening but owing to the fact that several fraternal and social affairs took place that evening, he was listened to by but a small crowd. Sheriff Byrnes made this place his headquarters this week while he visited the various towns on the south coast.

J. P. Lowe, Hale Prather, J. D. Brower, Chas. Kasch, A. L. Dobie, Frank Caughey and Fred Patton were other candidates who were here during the week. John Chambers, the local candidate for Assessor, left today for a tour of the valleys in the interests of his candidacy. H. A. Keller, of Ukiah, is here this week in the interests of Congressman William Kent.

### WELLS FARGO CLOSES MANY SMALL OFFICES

Mendocino, Aug. 12.—Wells Fargo and Company closed their express offices at Mendocino, Albion, Point Arena, and Greenwood this week and the only office of the company on this coast that remains is the one at Fort Bragg. It is the intention of the corporation to abandon all offices on stage lines in this state. Competition by the Parcel Post system is believed to be the cause of the action.

### HOP MARKET GETS ACTIVE WEDNESDAY

(Press Democrat)

The hop market sprang into activity Wednesday and there was a scurrying on the part of dealers to buy 1913 hops and also to take contracts for the new crop.

The market has been stiffening for several days and on Wednesday fifteen and a half cents was offered for the coming crop and fifteen cents for 1913's.

It is believed that the market will improve and it is likely that hops will be purchased today and some contracts made at an advanced figure. The day closed with the report of the purchase by C. C. Donovan of 30,000 pounds of hops from A. H. Flourney at 15½ cents.

### TELEPHONE COMPANY IMPROVING ITS SERVICE

The Pacific telephone company has a large crew of men working out of Ukiah on the Willits line. They are placing cross-arms on the poles to comply with the state law and are stringing a new loop between Ukiah and Willits.

By phantoming the two lines the company will be given three circuits, enabling three different conversations to be carried on at the same time over the two lines.

Mrs. Stappenbeck, of Willits, was in town on business of a legal nature this week.

Mrs. W. I. Ingram, of Cloverdale, was among the residents of the southern part of the county seen in Ukiah this week.

## WAR MAY AFFECT PRICE OF HOPS

(Continued from page 1)

docinos. 1913 German hops remaining in New York are reported to have advanced from 3 to 4c per pound.

**50-CENT HOPS SEEN**

(Portland Ore., Oregonian, Aug. 4. 1914.)

There is no doubt now that the war, whether or not it is of long duration, will have a far-reaching effect on the prices of many of Oregon's products. Hopmen believe there will be record quotations in the Oregon market next Fall and Winter.

There is little doubt that the hop crops in Germany, Austria, France and Russia will suffer to a material degree and may be entirely wiped out. If this is the case, it will throw on the Pacific Coast the burden of supplying the world with hops after the war is over, and prices such as have never before been known will be paid to Oregon farmers.

**50-Cent Price Predicted.**

Some of the most conservative men in the business are now predicting a 50-cent market by the time that international commerce is resumed.

That there is danger of the European hop crop being destroyed is indicated by the course of the sugar market, where fears of the same kind prevail and prices are rapidly advancing.

The European beet sugar crop is now about ready to be harvested and it is a problem whether any of it can be saved. This view seems to be taken by men in the Eastern sugar trade. According to telegrams received by sugar brokers and wholesale grocers yesterday, the New York raw sugar market was excited and materially higher. Efforts to buy for European account were a factor in the day's advance. The refined sugar market has not responded to the higher price of raw sugar, but is is expected to act today. Any advance in refined sugar at New York will almost immediately affect the sugar market on the Pacific Coast.

(Portland, Ore., Oregonian, Aug. 4, 1914.)

**RECORD HOP PRICES MAY PREVAIL**

There are greater possibilities for the Oregon hop market this year than the market has ever before known. While the first effect of the war has been to paralyze export business, both on the old and new crop and will, no doubt, result in depression in the early months of the season, there is every reason to believe that when the war is over prices will react strongly.

Everything, of course, depends on the continuance of the war and the location of the fighting. The Belgian crop is almost certain to be destroyed. Local hopmen have figured that the crops of Austria, Bohemia and Germany would be saved, as the harvesting is done mostly by women, yet a cable received in English yesterday from Prague stated, among other things, that the elder and younger Heller had been drafted into the army and added that crop there would probably be ruined.

Another cable from Alost, dated August 2, said the market there was "rapidly advancing on account of war." With England now in open war with Germany, there is some question as to what may happen to the English crop, as the harvesting of it will be financed under difficulties.

Foreign-made contracts for new crop Oregon hops will have to be adjusted in some way and unless the war is speedily ended they may all be canceled. The entire American crop, however, is going to be picked and the growers will be in no hurry to sell it.

(Sacramento, Cal., Bee, Aug. 5, 1914.)

**HOPS EXPECTED TO SOAR**

Hop dealers are expected to deal in "futures" in Sacramento Valley hops to a considerable extent this year owing to the European war. This conflict may result in the failure to harvest the English and German hop crops, in which event American dealers will buy and store hops in the hope of getting big prices later.

If the war continues and no hops are grown for the next two or three years, local hop men predict prices will be the highest in history when the conflict is finally over, and it is on this expectancy that dealers are counting on dealing heavily in "futures" this year.

**Market Stationary Now**

At present the hop market is stationary. Nn contracting is being done to any extent because of the uncertainty of the war.

It is estimated by local dealers that the production in the United States will be about 290,000 bales this year, with the consumption about 255,000 bales. This will leave only about 35,000 bales for export.

Washington is expected to produce 30,000 bales; Oregon, 125,000 bales; California, 100,000 bales, and New York 20,000. The other 15,000 bales will be produced in the small hop growing districts scattered about over the United Sstates.

**First Hops Shipped**

The first shipment of 1914 hops from California was made yesterday afternoon on the Western Pacific Railroad to New York by Otto J. Koch. The hops were grown on Kock's ranch in the Cosumme district.

This is probably the earliest shipment of hops to the East in years. The hops were picked July 29th and the shipment consisted of four bales, or 738 pounds. The price will be in the neighborhood of 14 cents per pound.

General picking in the Cosumme district will not start until about September 1st, the Koch ranch being early. The Koch hops were consigned to S. and F. Uhlman, New York.
